SYSTEMS OF CARE, WRAPAROUND

Family &
Children's
SERVICES

Life Changing.

We are the place to call when your child has complex needs that require creative, customized interventions.

By encircling families with an unprecedented level of support, we help abused and traumatized children recover and reach their full potential in life.

When a child suffers abuse or endures significant trauma, the entire family is impacted. Through its Systems of Care team, Family & Children's Services coordinates mental health and community services to help restore children's function and strengthen overwhelmed families. We work to keep families together after traumatic events.

Because our Systems of Care is youth-guided, youth-driven and youth-directed, children and their caregivers are fully informed about available options and take the lead on making treatment decisions. Program components include:

- » Strategies for healthy function in the home
- » Classroom/school environment plans
- » Linkages to address basic life needs
- » Referrals and coordination of individual, family or group therapy; psychiatry and pharmacy services
- » Opportunities for natural family experiences in the community, in partnership with Camp Fire USA Green Country Council

WHO WE SERVE

The wraparound services are designed for children ages 0-17 who have been impacted by trauma (severe neglect, physical abuse, sexual abuse, separation from a parent/caregiver or other traumas), have a mental health or co-occurring diagnosis and are at risk of being removed from their home or school environment.

We emphasize being accessible and culturally sensitive to traditionally underserved populations, including Hispanic, African American and Native American children and families.

We work with community partners to identify children and families who may be eligible for participation and operate in full collaboration with Wraparound Tulsa and the Oklahoma Department of Mental Health and Substance Abuse Services. Family & Children's Services is a member of the National Child Traumatic Stress Network. Family & Children's Services complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex.
